

Under The Sea and Over The Waves

Welcome to our 'Under The Sea and Over The Waves' project which kicks off in term 4!

We are very excited to get stuck into this exciting project which will involve a Pirate Day! Once again, we are inviting all parents into school to be a part of our learning, drop in dates are at the end of the newsletter so get them in your diary!

We will continue talking about being 'Independent Iguanas' and can send home another chart if you would like one, do let us know.

As the Hindu festival of colour Holi falls within this term, we will be learning about what Holi is and how it is celebrated. We would love to hear from any families who celebrate Holi. Please reach out to your child's class teacher if you are happy to share.

Learning at Home

Phonics and reading - Thank you so much for your support with reading and phonics at home. Please do continue reading regularly at home, and don't forget to sign your child's diary! We have now taught all the sounds needed in EYFS so will be focusing on revising any gaps in phonic knowledge. Next term we will be teaching phonics in groups specific to where your child is currently. We can discuss this further during parents evenings.

Reading books - Please remember to return the weekly phonics books and comics that are given.

Make sure Book bags and diaries come in every day.

VOLUNTEERS If there are any parents/carers who would like to get involved with our class allotments please get in touch!

Also we will be having our second visit to Old Town Library on the morning of Tuesday 17th March. Do let your class teacher know if you can volunteer to help via ClassDojo.

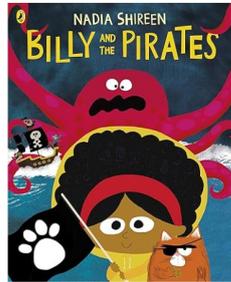

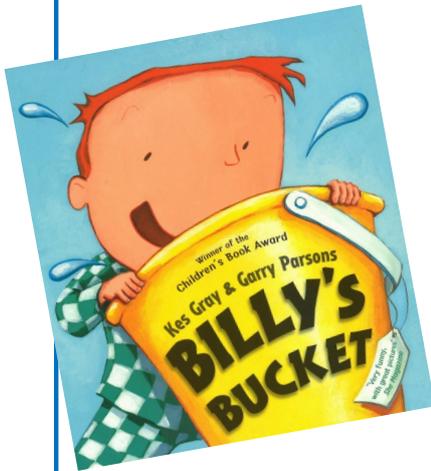

Holiday Project

We would like the children to create a small (No bigger than an A5 piece of paper) under the sea creature, for our classrooms for term 4. They can do this in any way they choose. **Please make sure these are named and there is a way to hang up their creations.**

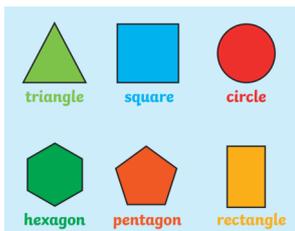

Learning at Pashley

We are going to be enjoying a range of texts this term!

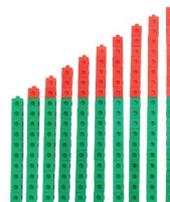

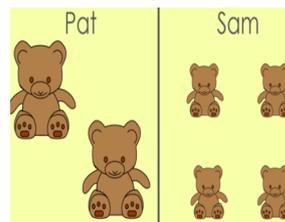

In Maths, we will be looking at. . .

2D Shapes

More than/fewer than

Counting to 20 and beyond
